7:00 to 9:00 pm

at the

Shelton Civic Center

Get the latest facts on the status of the

ADAGE Biomass Incinerator Project

The proposed construction site includes a 170' smokestack and will cover acres of land adjacent to neighborhoods, schools, senior housing, the MCRA Playfields and our hospital.

■ ***Our Clean Air is at stake!***

Find out how to make your concerns known to ORCAA before the comment period ends on January 31st.

■ ***Be prepared for the next round of Public Comment!***

Find out how to respond to the new SEPA Determination and let our elected officials and County planners know how you feel about this project.

■ ***Disaster Preparedness – is Mason County ready?***

The risk of fire, explosion and toxic spill is real. Join a discussion of the Disaster Plan from ADAGE. Is it adequate to protect our residents?

Your input is vital – we hope to see you there!

Presented as a public service of

Concerned Citizens of Mason County
