*Mason
County*

You won't want to miss the *free*
Community Forum

Wednesday, January 19th
7:00 to 9:00 pm
at the

Shelton Civic Center

Get the latest facts on the status of the
**ADAGE Biomass
Incinerator Project**

The proposed construction site includes a 170' smokestack and will cover acres of land adjacent to neighborhoods, schools, senior housing, the MCRA Playfields and our hospital.

Our Clean Air is at stake!

The public has been asked to comment on the Conditional Air Permit issued by *ORCAA* (Olympic Region Clean Air Agency). Find out how to make your concerns known before the comment period ends on January 31st.

Be prepared for the next round of Public Comment!

Mason County will soon issue their new determination on the ADAGE SEPA application. Find out what you can do to let our elected officials and planners know how you feel about this project.

Disaster Preparedness – is Mason County ready?

The risk of fire, explosion and toxic spill is real. Join a discussion of Disaster Plan from ADAGE. Is it adequate to protect our residents?

Presented as a public service of

Concerned Citizens of Mason County

For more information call 360-868-2251 or 360-432-8203
